Lucknow, India

PROFESSIONAL SUMMARY

Computer Science Engineering student with strong foundations in C++, Python, HTML, CSS, JavaScript, Git, and GitHub. Experienced in developing web-based applications and academic projects, with a keen interest in Software Development, AI, and Problem Solving. Seeking internship opportunities to apply technical skills and gain industry experience.

EDUCATION

Ambalika Institute of Technology, Lucknow

**Bachelor of Technology (B.Tech)
III year (5th Sem)**

TECHNICAL EXPERIENCE

- Develop interactive Virtual C++ Programming Lab, Compiler Design Virtual Lab, using HTML, CSS, JavaScript, Git, and GitHub.
- Built browser-based simulations, theory modules, pre-tests, post-tests, and interactive learning experiments for core CS subjects.
- Applied C++, Frontend Development, Git/GitHub, and problem-solving skills to develop educational web applications and academic projects.
- Used AI tools to improve development workflow, content generation, and project documentation.

PROJECTS

Agriculture Doctor(AI Based-Project)

- Developed an AI-based plant disease detection system using Python and basic Machine Learning techniques.
- Applied image processing concepts to predict plant diseases and support real-world agricultural solutions.

Virtual Labs (IIT Kanpur)

- Developed interactive virtual labs with HTML, CSS, and JavaScript.
- Implemented simulations, theory modules, and quizzes for practical learning.

TECHNICAL SKILLS

- Languages: C++, Python, JavaScript
- Web: HTML5, CSS3, JavaScript
- Tools: Git, GitHub, VS Code
- Core CS: Operating Systems, Compiler Design, Computer Organization & Architecture, OOP & DSA
- AI Tools: ChatGPT, Gemini, Claude, GitHub Copilot, Antigravity, Figma

KEY ACHIEVEMENTS

- Shortlisted for Smart India Hackathon (SIH) and collaborated on solving real-world problem statements.
- Shortlisted in IEEE Ideathon for presenting an AI-based project idea..
- Completed a ChatGPT & Generative AI Workshop at IIT Delhi.
- Participated in E-Bootathon organized by IIT Kanpur.
- Manage We4X Community and APYX .
- Organized and participated in technical events at the college level.
